

No. of Functional Features Included in the Solution

Date	15 March 2024
Team ID	SWTID-2026-8542
Project Name	ComicCraft - AI Comic Story Creator using Gemini Models
Maximum Marks	5 Marks

Functional Features Overview:

This document lists all the functional features included in the project solution. Each feature is described with its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
1	Story Prompt Input	Lets the user enter a story idea and choose genre, art style and number of panels.	User Interface	Done	0.5
2	AI Story & Script Generation	Uses Gemini text model to turn the idea into a complete story with a beginning, conflict and ending.	Gemini Text Module	Done	1
3	Panel Scene & Dialogue Breakdown	Splits the story into panels with scene description, captions and character dialogue.	Backend / Logic	Done	0.5
4	AI Panel Image Generation	Generates comic panel artwork from scene prompts using Gemini image models.	Gemini Image Module	Done	1
5	Character Consistency	Reuses character descriptions in every prompt so characters look the same across panels.	Backend / Logic	Done	0.5
6	Comic Preview & Layout Viewer	Displays panels with speech bubbles in a comic-style layout, with panel regeneration.	User Interface	Done	0.5
7	Save & Export Comic	Stores comic projects and lets the user download the comic as PDF or image.	Storage / Export	Done	0.5
8	Secure API Key Handling	Keeps the Gemini API key in environment variables and validates user input.	Security	Done	0.5

Feature Summary:

Metric	Count / Value
Total Features Planned	8
Total Features Implemented	8

Core / Must-Have Features	6
Additional / Nice-to-Have Features	2
Features Tested & Verified	8

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	2	Story prompt input, comic preview viewer
2	Backend / Logic	3	Story generation, panel breakdown, character consistency
3	Database / Storage	1	Save and export comic projects
4	API / Integration	1	Gemini image generation API integration
5	Security / Authentication	1	Secure API key handling, input validation
